Activities Update
Wells updated members on current activities at all SCN locations. She also provided updates on Senior Expo, Chamber Business after Hours, the 40th Anniversary of GTCOA, as well as upcoming programming. Wells informed members that the SCN part time employee has resigned. Wells updated members on plans by staff for a retirement party for Durga on May 15th. Members were informed that Durga would still host the trip to Lansing for Older Michiganders Day on June 9th.

Senior Center Network renovation update
No update

SCN new position
Wells explained the request for the new position, informing members that she thought the matter should go to both committees. (Finance and Executive).

Motion to approve staff recommendation for one FTE Employee for the Senior Center Network Outreach Program.

Mather Café Model training
Durga relayed that, at one time, the BOC (Board of Commissioners) required that all out of state travel be approved by their Board. Wells explained the Mather Café Model training and trip, and relayed it would be at a cost not to
exceed $2,500. The training would be in Chicago, IL.

Motion to approve staff recommendation to send an employee to Mather Café Model training in Chicago, IL, at a cost not to exceed $2,500, and to forward the matter to the Board of Commissioners, if necessary.

RESULT: APPROVED [UNANIMOUS]
MOVED: Rokos
SECONDED: Harrand
AYES: Busch, Harrand, Maxbauer, Rokos, Zerafa
NAYS: None

Certificate of Appreciation, Full Bloom Floral
Durga relayed that she would like to provide a Certificate of Appreciation to Full Bloom Floral. Full Bloom provided flowers that were given to IHS and SCN clients after Valentine’s Day. Durga asked if members want to be notified of Certificates of Appreciation prior to their issuance. Members concurred that Durga proceed without prior approval.

2015 Volunteer Week Resolution
A Resolution for National Volunteer Week was reviewed. Durga requested a motion to approve and to forward it to the BOC. Durga relayed that this year’s Volunteer Week Appreciation Celebration has been moved from April to June.

Motion to accept the proposal for the Resolution for National Volunteer Week
RESULT: APPROVED [UNANIMOUS]
MOVED: Busch
SECONDED: Maxbauer
AYES: Busch, Harrand, Maxbauer, Rokos, Zerafa
NAYS: None

Millage proposal
Election update, August Primary
Durga relayed that members had made a motion to have the next millage election coincide with the next presidential primary, which would have been in March, 2016. Durga explained that there will also be an August 2016 primary. Durga requested that the motion be changed to reflect that the ballot proposal should be placed on the August 2016 ballot.

Motion to amend the motion on the millage proposal timing to state that the matter would go on the ballot in August 2016 Primary Election.
RESULT: APPROVED [UNANIMOUS]
MOVED: Harrand
Joint meeting with BOC update
Durga informed members that the matter was discussed with Commissioner Maxbauer and they agreed that it should wait until things are a little farther along, as well as after a new Director is hired. Members discussed ballot language. Members concurred to make a start of a draft, with the last election language.

Possible new programs/increased millage
Durga relayed that it seemed that an increase would not have support from members, but that a member asked for a list of suggestions if the millage was increased by 0.1 mills. Durga relayed that she and the Deputy Directors drafted that list. Members discussed each suggestion at length. Additionally members discussed the request of a millage increase and a need for a plan, with associated costs, before discussion on an increased millage request.

Commissioner Maxbauer left 10:53 am.

Division Evaluation.
Members discussed the appropriation of the funds to the loan closet and senior services.

Old Business
Durga circulated a list of all Senior Millages in Michigan. Members asked that the report be provided, by email, to all members.

Member relayed a misunderstanding regarding the routing of the SCN Program Report.

New Business
None

Public Comment
Rokos relayed concerns that many Agenda items are duplicates of things sent to other Committees. Members discussed the matter, at length, relaying their opinions on the subject of less/combined meetings or meetings of the whole. Members discussed combining Finance and Executive Committees at length. Durga relayed legal responsibilities of the Board and stated that if she feels a decision by one or another Committee is a grey area then she sends the matter to both.
Members concurred to have staff poll Board members for their thoughts on combining Finance and Executive Committees, and to return the poll to the Executive Committee in April.

Members discussed the amount of time it takes to provide decisions of the GTCOA Board to the BOC for final approval. Durga relayed that the Board’s policy has been to approve motions and forward the matter to the BOC the following month. Harrand suggested that Board and Committee dates could potentially change as well. Durga relayed that reports would be a month behind. Members discussed the matter at length. Members concurred to have staff request an additional poll to switch the Board and Committee meeting weeks, and to return the matter to Executive in April.

Dear whoever it may concern,

My name is [REDACTED]. I’m writing this letter to let your Organization know that I have invented several items that I did not patent and I’m willing to give one invention that I have made to your Organization.

Your Organization can patent the invention and make money to put in the pot to HELP the POOR disabled and handicapped elderly people that need help so they can be more independent and don’t need to worry about needing help when it is needed so desperately. So the poor disabled and handicapped elderly can afford things that is needed in their lives to make it easier for them to live.

If your Organization is willing to try and make these things happen I’m willing to spend my time on this worthy cause.

If your Organization wants one of my inventions please call or write me.
6.3 Actions

This plan culminates with recommendations for consideration by the Board of Commissioners with long-range implications. These recommendations are intended to be included in strategic discussions within the County.

6.3.1 Short Term Recommendations

Short term recommendations are those actions that can be achieved by the County in the next one to three years. These are actions are within the full control and ability of the County. Some of the actions tend to be more modest while others may require more detailed planning and implementation yet still achievable in the short term.

Create a partnership for the improvement of the Boardman Campus

The Boardman Campus covers 8.5 acres of land in the heart of Traverse City. Presently, it is at its capacity for building space and parking. Any future uses added to the campus or expanding of existing uses will require a reconfiguration of parking.

Expand parking to off-site location

Parking may continue to be provided on the campus by constructing an on-site parking deck or look to alternate, off-site locations for parking. No vacant land is available adjacent to the campus, therefore, accessing additional off-site parking will require a partnership with a neighboring public entity or private property owner.

Develop private investment as revenue for campus expansion

Off-site parking may consist of existing lots, existing deck, or construction of a new deck. Added parking will alleviate the parking situation on campus and allow the County to improve the campus and expand uses. The cost of acquiring the additional parking could be financed by allowing for some amount of private development on the campus. Land may be leased or sold. The revenue gained from the private development would cover the cost of the off-site parking.

Relocate Commission on Aging and MSU Extension

In an effort to implement to consolidate operations and the dual campus concept, both Commission on Aging and MSU Extension will be relocated from the West Front Street building. Located on the lower level of the West Front Street building, MSU Extension has 14 employees. Visitors to the MSU Extension office vary greatly by season and programing. At times, classes and meetings are often held with up to 30 attendees at once during the day or evening. Located on the upper level, Commission on Aging has 9 employees of its total 46 employees at this location. Other employees intermittently attend meetings at this location. Customer visits vary per day from 0 to 15.

The following options are being provided for consideration of future locations for these operations:

• Option 1: Utilize Governmental Center basement at Boardman Campus

Currently, the basement level of the Governmental Center is underutilized and consists of storage, equipment rooms, mail operations, employee cafeteria, etc. There
is roughly 9,000 square feet of available space in the basement level. This option would require reconfiguring of the basement level into offices, meeting rooms, storage, and other spaces that facilitate the operation of both MSU Extension and Commission on Aging while allowing for continued access and use of existing departments in the Governmental Center. Existing storage would have to be purged to provide needed space and the impact on parking for the Governmental Center would have to be resolved given the current lack of parking at peak times. An off-site parking solution will have to be incorporated in determining the feasibility of this option.

- Option 2: Construct addition to Public Services Building at Lafranier Campus
  This option would require construction of a building addition to the Public Services Building on Lafranier Road. Such addition would have to be approximately 10,000 square feet in size to match current space needs of both MSU Extension and Commission on Aging. Land is available adjacent to the Public Services Building.

- Option 3: Construct new office building at Lafranier Campus
  This option entails the construction of an office administration building adjacent to the Health Services Building and fronting on Lafranier Road. The building would provide flexibility in design and provide space for the County’s future growth needs. At this location, the building would share the driveway entrance to the property with the Health Services Building. While a new building could be sized for existing operations, consideration for expansion should be provided in the site design.

Remove Work Release building
This building now stands vacant as the remaining inmates in the facility were relocated to the Jail. Future of use of this building has not been determined and there are limitations for future uses due its construction. It is of modular construction and was originally built as a modular classroom. It was relocated to its present site in the early 1990’s. Consideration should be made to remove the building and utilize the site for parking and future development space for the Boardman campus.

Address storage and operation needs of Facilities Management
Presently the Facilities Management Department maintains a shop with a small amount of storage at the Civic Center. Additional storage, particularly for seasonal equipment, is in a shed at Maple Bay Park. The shed is roughly 4,900 square feet and is located 12 miles from the Civic Center. A roundtrip from the Civic Center to Maple Bay Park is approximately 40 minutes. Trips to the park location can delay department activities.

- Option 1: Construct addition to Facilities Management shop at Civic Center
  This option includes consideration in adding to the existing Facilities Management shop or building a new storage building adjacent to the shop.

- Option 2: Build new storage building at Lafranier Campus
  The Lafranier Campus provides room for expansion including a new storage facility for Facilities Management. In the long term, relocation of the entire Facilities Management Department should be considered for this campus.

MAY 10, 2016. See schedule below to make sure you submit it in time. These dates are the very latest you should submit. The sooner you get everything approved, the better.

Timeline involved for August 2, 2016 election is as follows:

- **March 29, 2016**
  - COA must submit request to the Board of Commissioners no later than this date according to the Grand Traverse County Submission of Countywide Millage Requests Policy which requires submission 6 weeks prior to the filing deadline.

- **April 27, 2016**
  - BOC should approve ballot language no later than the regular BOC meeting prior to May deadline.

- **May 10, 2016 (MCL 188.646a)**
  - Deadline for submission of ballot wording to County Clerk for August 2, 2016 Election.

CONTINUED SERVICES FOR THE AGING

This proposal will allow Grand Traverse County through its Commission on Aging to continue to provide services to persons aged 60 and older to help them live at home by renewing the previously approved 0.5 mills rolled back to .4858 mills by the Headlee Amendment and adding .0142 mills to restore the previously approved millage.

Shall the limitation on the amount of taxes be increased and Grand Traverse County be authorized to levy up to .5 mills for a period of six (6) years from 2011 through 2016, inclusive, on all taxable property in Grand Traverse County for services to the aged to help them live at home? This would be an additional millage of $0.0142 and a renewal of $0.4858 per thousand dollars of taxable value. As an example of the .5 mills, a house valued at $100,000 with a taxable value of $50,000 would be charged up to $25.00 per year. If the maximum were levied in the first calendar year, this millage would raise an estimated $2,239,216.

SENIOR CENTER OPERATIONAL EXPENSES

This proposal will allow Grand Traverse County through its Commission on Aging to levy 0.10 mils per year for a period of six years to provide funding for the operation of senior centers within Grand Traverse County for actions directed toward the improvement of the social, legal, health, educational, emotional, nutritional, recreational, or mobility status of individuals 60 years of age or older.

Shall the limitation on the total amount of taxes that may be assessed against all real and personal property in Grand Traverse County be increased for a period of six years, from 2010-2015, inclusive, pursuant to a levy of ten cents (0.10) per thousand dollars of taxable value (.1 mil), to be disbursed to Grand Traverse County for the purpose of providing funds for senior centers within Grand Traverse County through the Grand Traverse County Commission on Aging for actions directed toward the improvement of the social, legal, health, educational, emotional, nutritional, recreational, or mobility status of individuals 60 years of age or older, and shall the County be authorized to levy said tax? As an example of the 0.1 mill, a house valued at $100,000 with a taxable value of $50,000 would be charged $5.00. If the maximum were levied in the first calendar year, this millage would raise an estimated $439,206. This is a new millage.

CONTINUED SERVICES TO THE AGED

This proposal will allow Grand Traverse County through its Commission on Aging to continue to provide services to persons aged 60 and older to help them live at home by renewing the previously approved .3 mills (rolled back to .2763 mills by the Headlee Amendment and adding .0237 mills to restore the previously approved millage.)

Shall the limitation on the amount of taxes be increased and Grand Traverse County be authorized to levy up to .3 mills for a period up to six (6) years from 2005 until 2010 on all taxable property in Grand Traverse County for services to the aged to help them live at home? This would be an additional millage of 2.37 cents and a renewal millage of 27.63 cents per thousand dollars of taxable value. As an example of .3 mills, a house valued at $100,000 with a taxable value of $50,000 would be charged up to $15.00 per year. If the maximum were levied in the first calendar year, this millage would raise an estimated $921,574.

EXPANDED SERVICES TO THE AGED

This proposal will allow Grand Traverse County through its Commission on Aging to provide existing services to an expanding population and new services such as respite care to persons aged 60 and older by levying an additional .2 mills. This proposal, if approved by the voters, will only be effective if the Continued Services to the Aged proposal also passes.

Shall the limitation on the amount of taxes be increased and Grand Traverse County be authorized to levy up to .2 mills for a period up to six (6) years from 2005 until 2010 on all taxable property in Grand Traverse County for services to the aged to help them live at home? This would be an increase of 20 cents per thousand dollars of taxable value. As an example, a house valued at $100,000 with a taxable value of $50,000 would be charged up to $10.00 per year. If the maximum were levied in the first calendar year, this millage would raise an estimated $614,383. This is an additional millage that will be levied only if both it and the Continued Services to the Aged millage pass.
