Subject: Milestone Medical Tests

On Thursday, December 10 at 10:30 am at the Senior Center in Traverse City, Dr. Mary Beth Hardwicke will be reviewing what milestone medical tests are, when they are recommended and why they are important. As adults age, recovering from a major health catastrophe can be difficult and milestone medical tests screen for certain ailments that are best detected early and treated.

“I will also provide an easy to follow chart that can be kept at home and referred to prior to your next preventative health exam,” says Dr. Hardwicke.

Advanced registration required for this free one hour presentation. Questions? Call 231-922-4911 or email dmikowski@grandtraverse.org
