Making longer lives, better lives.

August 4, 2020

Dear Senior Center BINGO Enthusiasts:

I hope this letter finds you well and free from all things COVID. Since early March, the Senior Center has had to reorganize and rethink everything we do for seniors in Grand Traverse County. It's been a challenge, to say the least. Our first concern has been the well-being of our over 5,000 members. Social isolation is no joke and knowing that so many of our members have no family or have no way to communicate using virtual technology, has been heartbreaking. Working with the Commission on Aging, over 6,000 calls have been made to seniors in the community. We've been checking to make sure people have what they need and give assurances that there are resources to help when help is needed.

Now, as our County begins to open up, the senior center has been in daily conversations about how we can do this responsibly. Since March, we have been handing out meals weekly at four locations, managing exercise, music and yoga classes virtually with community television and making telephone assurance calls. Now, it's time to look at group activity. The first activities we are working on resuming are those that can be held outside or held inside with a one on one appointment.

This brings us to BINGO. With current restrictions, holding activities indoors is problematic. However, we are going to start offering BINGO at Civic Center South located at 1000 Clark Street. In August, BINGO will meet every Friday at 10:30am. Starting in September and until the weather gets too cold, BINGO will meet on Wednesday's at 10:45 a.m. Due to COVID 19, we have adopted the following guidelines:

BINGO at the Pavilion Guidelines:

- Participants must be senior center members (signed waiver on file). NO Guests and no exceptions.
- A Health screening questionnaire will be required within 24 hours of the day attending program(s).
- A questionnaire must be completed every day the member is attending programs. The questionnaire is on our website or use the link provided below.
